

GARDENERS SUPPLY COMPANY

Plant Stand with Galvanized Tray

This versatile stand is a great addition to your home. Use it to display your indoor plants or add pebbles to create a humidity tray.

Parts

- (2) Side Panels
- (1) Galvanized Tray
- (1) Top Panel
- Allen Wrench
- (1) Back Brace

Remove the screws in place,
Assemble product step by step.
Re tighten all screws and fitting periodically.
Using the Allen wrench.

Assembly

Step 1. Place the Top Panel upside down on a flat surface with the predrilled holes facing up.

Step 2. Examine a Side Panel to find the predrilled holes: 2 at the top, 1 at the bottom. Line up the top holes on one side with those in the Top Panel and loosely screw panels together (Figure 1).

Step 3. Repeat Step 2 to attach the other Side Panel, making sure the holes in the bottoms of the panels are facing the same direction.

Step 4. Line up the holes in the Back Brace with the holes in the bottoms of the Side Panels (Figure 2). Insert Screws through the lined-up holes.

Step 5. Tighten all of the Screws into place using the included Allen Wrench. Place the Galvanized Tray on top. Your assembly is complete!

The Stand holds up to 25 lbs, evenly distributed. Use in protected locations only.
